If you have ever had bock beer, you owe it to the Einbecker Brewery. Einbecker is also one of the oldest breweries in the world; it has been in operation since 1378! Try all three of the original bocks: Maibock, Golden Bock, and Double Bock. Also, throw in its delicious pilsner, because one must always remain well-rounded.

Stop 3: Felsenkeller

This is more of an architectural stop than anything. These vast tunnels and caves were used to store beer while it was fermenting. It is a great place to learn more about the history of beer production in Europe. (*Snooze* Also, there are great local breweries in the region!)
