

TRINKGEBRÄUCHE / DRINKING CUSTOMS

Beer shortage

Everyone knows that Germans like to drink beer. But not just any beer. Not, for example, the beer from the next city over. Each region, city or even village has its own specialty. You'll only find Kölsch in Cologne (don't dare drink it in Dusseldorf!), Astra in Hamburg and Fiege in Bochum. So when you're at a German BBQ, you'll have to drink the local brew - but at least there'll be plenty of it!
