

KARNEVALSBRÄUCHE

Wie feiert man Karneval? heutige Bräuche
(How is Carnival celebrated? / customs of today)

Umzüge und Züge (parades and processions)

1. During the parade you must keep drinking to keep warm, and Gühwein is especially good for the occasion. It not only keeps you warm, but also keeps you in a good mood.
2. There are bleachers to sit on, but you must reserve seats far in advance.
3. Usually older people use the bleachers and younger people are just as happy to run about in the streets, locking arms and holding hands with others you don't even know, singing, dancing, and following the parade.

Thousands clog streets of Munich during Fasching celebrations--

Bavarian Fasching — The München Parade

The highlight is the Sunday parade of the *Damischen Ritter* (Daft Knights). This *Faschingsumzug* is lead by Duke Kasimir and his retinue of knights, clowns, colorful floats and marching bands. It takes place along Herzog-Wilhelm-Straße with a spectacular after party at Hofbräuhaus around 2:30 p.m.
