8 OF MOST BEAUTIFUL GERMAN CHRISTMAS MARKETS

Goslar Weihnachtsmarkt

The festively lit entrance to the Goslar Christmas market.

This beautiful Christmas market takes place on the historic market square of the Goslar old town, which is a UNESCO World Heritage Site. It's surrounded by festively-decorated medieval facades, and there is even a Christmas forest right in the Christmas centre.

The market is hugely family friendly, with both a train traveling through the festive forest and a special family day with a programme of activities for children. You can also climb to the top of the Marktkirche tower to see the lights of the market from above.

The market will [open](#) on November 28th, with a lantern procession through the streets of the city, and ends on December 30th.
