Christmas Markets!

CHRISTMAS MARKETS WITH A HOLIDAY TWIST

Unique themes, unusual locations, and unfettered decorations mark these imaginative yuletide markets.

Advent marks the beginning of expectant waiting and preparation for Christmas, and in the Germanic lands, one form this takes is in the several thousand colorful Christmas markets in large and small towns and villages.

However, not all Christmas markets are similar, and some are very distinctive, while others are very imaginative.

Christmas Markets with a Holiday Twist

The unique Christmas Markets in Germany, Switzerland, and Austria offer visitors a myriad of venues from which to choose.

For a different market location, fly into the Munich Airport Christkindlmarkt, which is in its tenth year. Forty brightly decorated stalls, surrounded by three hundred live Christmas trees, a complimentary ice rink, magicians, a visit with Santa Claus—and a chance to win airline tickets—are all part of the holiday fun in this unusual “uplifting” setting.
