

OKTOBERFEST IN MÜNCHEN

10 THINGS YOU'RE SURE TO NOTICE AFTER AN OKTOBERFEST VISIT

Munich's famous beer tents opened for the last time for 2016 on Monday. Jörg Luyken was there on the final day and, to his surprise, got sucked into the epicentre of German kitsch.

You might very well have to wake up someone who has fallen asleep in a pool of their own vomit in your local train station. And don't always expect the train to run on time. In the evenings a few revellers who have spilled out of the festival area may well have decided it'd be fun to run onto the tracks in the middle of the night, bringing five S-Bahn lines to a standstill.

1. Expect delays

If you are in Munich during the last two weeks of September and pouring overpriced lager down your throat isn't your thing, prepare for the anarchy to spill over into your everyday life.
