DO'S AND DON'TS AT THE OKTOBERFEST

Bringing your own food – no!

A beer tent is not a beer garden! And that's why you are not allowed to bring your own food. Those who do are quickly thrown out. Usually there are beer gardens in front of the tents. There you can enjoy your snack without upsetting anyone.

Lift off – yeahaaaa!

The Olympia Looping roller coaster serves only one purpose — fun! But wait a minute: every Oktoberfest visitor should consider the order of their Wiesn activities. Our recommendation: First roller coaster, then chicken and beer. Otherwise, centrifugal forces might have devastating effects on the stomach.
