FEIERTAGE UND FESTE IN DER SCHWEIZ

TEN SURE-FIRE WAYS YOU KNOW IT'S SPRING IN SWITZERLAND

Spring decorations

The Swiss love to decorate: handicrafts are a national pastime and no café table is complete without an intricate object formed out of twigs, ribbons or even a bit of dried seaweed. And while winter is all about cute snowmen in the windows, spring is all about flowers, rabbits and chickens, or, even better, a combination of the three.

Packing away winter clothes

Like spring cleaning, this is not a mission to be undertaken lightly. While we don't claim to be experts in this matter, a quick ask-around revealed the general idea to be that you wash your clothes first, pack the non-delicate stuff into plastic bins and hang your dresses up. Hot tip: stick a large-denomination note in your winter jacket. It will be a nice surprise when next winter arrives. Hot tip number two: don't decide to donate your money-stuffed winter jacket to charity in the meantime.
