TEN PERKS OF A GERMAN SUMMER

Whether an ice cream expert, a fan of open-air techno or simply partial to bathing in the nip, the chances are a German summer will provide you with the chance to shine. This week's Local List runs through 10 Teutonic perks of the season.

After a gruelling six-month winter, Germans are more than ready for a little summertime fun. As the barbecues come out, the clothes come off and the beer goes in.

And what better to work off all that steak and *Pilsner* than with an evening bike-ride, followed by a boogie at an impromptu party in the park?

And if all that is a bit much for you, you can always lounge on one of the country's riverside beaches, where your biggest problem will be deciding on how many *Kugeln* of what flavour ice cream to order.
