TEN PERKS OF A GERMAN SUMMER

5. Drinking outdoors

Beer gardens are great, and often one of the first things people connect with Germany. But why pay premium prices when, in most of the country's parks, you can wile away an evening with a supermarket-bought six-pack, legally? Prost!

6. Cycling

The cycle lane system in Germany is, when compared to that in some of its European neighbors, pretty great. This means that waving goodbye to the U-Bahn and saddling up is a viable option during the summer.
