6 REASONS GERMANY'S SUMMER IS BEST FOR THRILL-SEEKERS

Riding along the Baltic coast

But if you're more comfortable operating at ground level – or almost – then look no further than a hack along the Baltic beaches of north Germany.

The Baltic coast has miles of sandy beaches perfect for galloping with a gentle sea breeze to keep you cool. In total there are around 6,200km of riding paths in Mecklenburg-Upper Pomerania and Schleswig Holstein, Germany's two most northern states.

There are also dozens of farms which offer lessons and guided hacks spread all the way from Flensburg on the Danish border to Ahlbeck next to Poland.
