

## DEUTSCHER LEBENSTIL UND DEUTSCHE KULTUR (German Lifestyle and Culture)

### Pros and Cons of Living in Germany

Germany is a hugely popular destination for expats - and for good reason! But when you're weighing up whether to relocate, you'll also need to have an honest look at both the good and the bad.

Frankfurt am Main.

Every year, more than one million people decide to pack up their own lives and make Germany their home. It's certainly a country with a lot to offer – though it may not be for everyone.

Here are the main pros and cons about living in Germany.

---

#### The Pros:

##### 1. There are great career opportunities on offer

Germany is not only the largest economy in Europe but also the fourth largest economy in the world, making it a magnet for both startups and multinationals. It also happens to have a huge skills shortage, which means they're always keen to welcome new workers from abroad.
