Kym Karath (Gretl von Trapp)

The youngest of the bunch, Kym was adorable, portraying the shy, innocent 5-year-old girl. Kym continued to act sparsely on TV until 1981, **but she had some great guest-spots** (<https://doyouremember.com/122589/von-trapp-child-brady-bunch>), including *The Brady Bunch* in 1973. Ultimately, she decided to resume her education and moved to Paris, France to study art history. Today, Kym says she is still not fond of the water after- well you know the scene.

Kym couldn't swim, so the idea was to get Andrews to catch her when the boat tips. However, during the second take, Andrews fell to the opposite side of Kym. And it was up to Heather Menzies a.k.a. Louisa to save her. Andrews stated that she felt guilty about this for years.
